

EXCEPTIONAL BOTTLES

Rosé d'Exception

The fresh side of Pinot Noir

GETTING TO KNOW THE ROSÉ D'EXCEPTION

2017

Between 8° and 10°C

Pinot noir

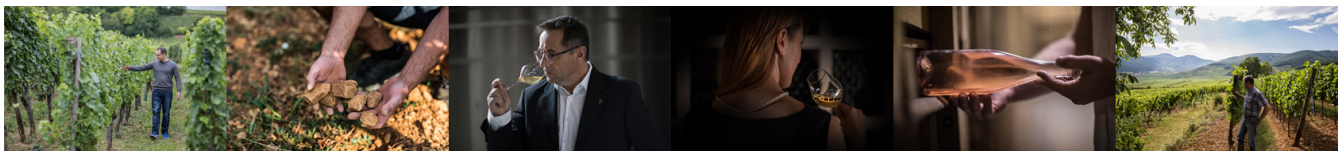

Pinot Noir is the only grape variety used in Alsace to produce red and/or rosé wines.

Tasting notes

This premium rosé is indulgently fruity, making it a perfect match for summer dishes and summer living! The delicate, pale pink colour chimes with the delicious bouquet of fresh red berries, dominated by strawberry and redcurrant notes. Delicate and fresh on the palate, with the same delicious fruity aromas found in the nose.

Food-wine pairings

The ideal partner for charcuterie platters, white meats, barbecues and summer salads.
